

On Eagle's Wings

There will be one day, when all of us will soar
From the greatest believers, to the richest and the poor
With faith as strong as a mustard seed, we'll follow Christ who'll lead
We believe in Him, and our strength will be renewed

Chorus: On eagle's wings, on eagle's wings
We'll run and not grow weary
And stumble yet not fall
Our faith in Christ alone, is the key to our home
We will fly away on eagle's wings

His sacrifice on calvary, is what gave us victory
He had to do it on His own, our faith in Christ alone
For He's the great I AM, the only perfect Lamb
We believe in Him and that's why we're going home

Have you not seen, have you not heard
The Lord is everlasting, Creator of all the earth
Who knows us before our birth
For even youths shall be renewed
Believe the Lord this will be true,
and all because He loves me and you...me and you
